KidsPeace®

The KidsPeace Hospital is dedicated to stabilizing and treating behavioral health crisis for children, adolescents and young adults. We serve individuals ages 4-20.5 (5 or under on a case-by-case basis), who require short-term inpatient crisis stabilization and aftercare plan coordination.

We Are in The Community...

The 120-bed Psychiatric Hospital is located on a beautiful wooded campus in Orefield, PA, accessible from all major highways.

Our youth are our neighbors. In fact, 80% of our clients come from the counties of Lehigh, Northampton, Berks and Monroe, with additional referrals from Carbon, Schuylkill and Delaware counties.

Our staff lives in and understands the community, which helps them connect with youth on multiple levels.

The KidsPeace Continuum of Care

KidsPeace Hospital is part of an extraordinary Continuum of Care that sets KidsPeace apart in behavioral health services. In Pennsylvania alone, KidsPeace offers:

- Residential intensive and therapeutic care
- Partial hospitalization programs
- Community outpatient care
- Autism services
- Intensive and alternative education programs
- Foster care

If a client experiences a setback, they can quickly be transitioned to a higher level of care. Once the issue is resolved, they may step down to the previous program and resume their treatment plan.

Multi-disciplinary Treatment Team

The professionals who develop treatment plans and provide care to clients at KidsPeace Hospital include:

- Board Certified Behavioral Analysts (BCBA)
- Expressive Therapists
- Psychiatrists
- Primary Care Physicians
- Advanced Practice Professionals – including Certified Registered Nurse Practitioners and Physician Assistants
- Psychologists
- Registered Nurses
- Licensed Clinicians (LPC and LCSW)
- Special Education Teachers
- Mental Health Technicians

The Admission Process

Our Admissions Department is staffed 24/7. To expedite the process and admission decision, please have the following information available:

- Reason for referral
- Identifying information for child (Name, DOB, Social Security number, address and home phone number, address of guardian if different from child)
- Custody arrangements and how this was verified
- Legal Status (201, 302, 303)
- Current medications with dosages, frequencies and last dose given
- Descriptions of any medical issues
- Funding sources and precertification information
- Recent lab test results.
- Co-occurring medical conditions – to be reviewed by the pediatrician and a psychiatrist
- If the child has dropped out of school and/or is emancipated.

Youth who meet the following conditions need to be reviewed on a case-by-case basis:

- IQ scores less than 70
- Pregnancy– to be reviewed by a physician
